

## **Business expert appointed as new Chair of the Board of WSN Environmental Solutions**

Treasurer Eric Roozendaal today announced the appointment of Mr Christopher Berkefeld as the new Chair of the Board of the Waste Recycling and processing Corporation trading as WSN Environmental Solutions effective as of February 8, 2010.

"I'm pleased to welcome Mr Berkefeld to the WSN Board," Mr Roozendaal said.

"Mr Berkefeld has extensive experience as managing director, executive director and chief executive officer in the waste industry spanning almost two decades.

"His wealth of experience combined with his expertise in the preparation of corporations for sale and the execution of sales and mergers will be invaluable to the WSN Board," said Mr Roozendaal.

Within the waste management industry Mr Berkefeld managed the mergers of Brambles Industrial Services and Cleanaway in 2004, the sale of Brambles in 2006 and the sale of Cleanaway in 2007.

"Mr Berkefeld will be working closely with the WSN Board and management to prepare the corporation for a possible sale transaction in the second half of 2010," Mr Roozendaal said.

"His appointment will end on 31<sup>st</sup> December, 2010 to cover the period of the possible sale of WSN."

Mr Berkefeld has been working with the WSN board and management on a consulting basis since mid-December 2009.
