## **CALL FOR EXPRESSIONS OF INTEREST FROM DEFENCE SUPPLIERS TO SHOWCASE PRODUCTS AT LAND FORCES**

NSW defence industry suppliers are being invited to register their interest in showcasing their products on the NSW Government stand at this year's Land Forces.

Land Forces, which is held every two years, will be the major defence industry exhibition in Australia this year. It will be held at the Brisbane Convention and Exhibition Centre from 1-3 September.

Minister for Jobs, Investment, Tourism and Western Sydney Stuart Ayres encouraged defence industry suppliers to apply.

"Land Forces is a fantastic opportunity to showcase products and services to an Australian and international audience," he said.

"Exhibiting on the NSW Defence stand is a way for small to medium enterprises to ensure their work is seen by both domestic and global defence supply chains.

"The NSW Government is committed to supporting our defence industry and we know it brings jobs, investment and innovation to our state."

The last Land Forces was held in Adelaide in 2018 and attracted 624 exhibitor companies from 26 countries and more than 15,000 visitors.

It was attended by 74 defence, trade and industry delegations from 36 countries, including 19 Australian military delegations and 31 foreign military delegations.

Expressions of interest in exhibiting on the NSW Defence stand close on 4 March, 2020. Visit <https://www.business.nsw.gov.au/landforces2020> for further information.
