

REPEAL OF OUTDATED TREASURY CIRCULARS

It is NSW Treasury's policy that Treasury Circulars more than 5 years old will lapse as at 31 December each year, except for certain specified Circulars.

Summary:

NSW Treasury's policy is for Treasury Circulars more than 5 years old to lapse as at 31 December each year, except for certain Circulars specified on the Treasury website.

NSW Treasury reviews all Circulars prior to lapsing and, where necessary, reissues any Circulars. All current Treasury Circulars and a listing of withdrawn Circulars are available on the Treasury internet site at www.treasury.nsw.gov.au under "Publications".

The above policy does not affect the status of any other Treasury documents such as the Treasurer's Directions (except where issued by Treasury Circular), Treasury Policy and Guidelines Papers and Treasury Research and Information Papers, unless otherwise indicated.

This Circular is issued as a Treasurer's Direction to all agencies under s9 and s45E of the *Public Finance and Audit Act 1983* for financial years ending on or after 31 December 2007. The Circular is also applicable to statutory State Owned Corporations. A specific reference to the Circular will be included in the Statements of Corporate Intent of those entities.

This Circular withdraws and supersedes NSW TC 02/19 of the same name.
